

Nomination Process – Sponsor Role and Steps Need to Nominate a Mission

If you nominate a mission, you must agree to be the sponsor of the mission. Being a sponsor means:

1. You will be the key contact with the organization we are serving.
2. You will assemble a team to help you plan the ways in which CUMC members can serve the mission.
3. You will meet with the CUMC Mission Team to present your ideas for ways in which CUMC can serve the mission and to get approval for those ideas.
4. You will provide information to the CUMC Mission Team that enables them to communicate upcoming events in support of your mission.
5. You may need to attend some Mission Team Meetings to share information and conduct further planning for your event.
6. You must submit pictures from your event and follow up with the Mission Team following your event to let us know how the event went.

The steps required for submitting a nomination:

1. Obtain a nomination form from the missions table in the lobby or download from cloughchurch.org.
2. Complete the form with all needed information about the mission and the reasons why you are nominating the mission.
3. Submit the form by January 1st of the new year.
4. Be prepared to meet with the Mission Team to explain why you believe your mission should be selected for the coming year.
